

Preface

This Complete Smart Series Maths is specially written to cater to the needs of Primary 1 pupils. It consists of two parts; Section 1A and Section 1B. All topics covered are based on the new 2021 syllabus.

In each topic, there are a large variety of exercises to give students more practice as practice makes perfect. Questions range from simple fill in the blanks, matching and colouring to harder problem sums.

Challenging problems have also been included to challenge the students' knowledge. Solutions with workings have been provided. This enables both the students to understand better and the parents to coach their children.

Four separate authors have taken their time and effort, coming up with questions, each with their own approach.

Therefore students can hope for a wide variety of questions, each with a different style.

A book with all these aspects is sure to be a good guide and we sincerely hope that students will take the exercises seriously and prepare themselves for their exams.

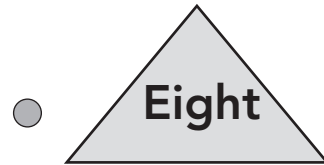

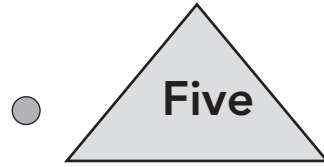

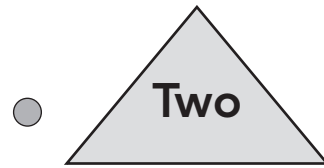

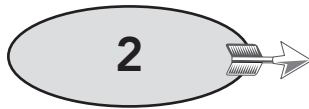

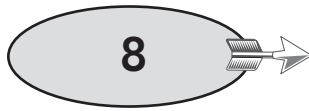

Contents

1.	Numbers to 10	1
2.	Number bonds	18
3.	Addition Within 10	28
4.	Subtraction Within 10	47
5.	Number Positions to 10th	62
6.	Shapes and Patterns	70
7.	Numbers to 20	90
8.	Addition and Subtraction Within 20	101
9.	Length	128
10.	Mid-Year Revision	142
11.	Numbers to 40	153
12.	Addition and Subtraction Within 40	169
13.	Numbers to 100	196
14.	Addition and Subtraction Within 100	209
15.	Time	220
16.	Money	228
17.	Multiplication	236
18.	Division	249
19.	Picture Graphs	258
20.	End-Year Revision	268
21.	More Problem Sums	283
	Answers	289

7

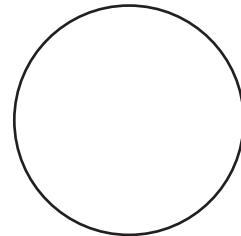

Match each number to the correct word.

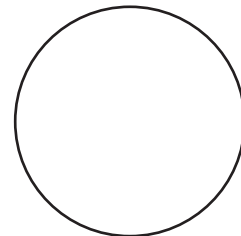

8
